The progressive series of piano lessons, the new course that was introduced in the music course at Goddard seminary last year, proved to be very satisfactory and most of the pupils in school are taking the course this year. Because of the extremely large class taking piano lessons, Prim. O. K. Hollister has secured Miss Lena Barber of Brook street, a graduate of the New England Conservatory of Music, to assist in the teaching.

For breaking into the store of Alex. Corey in Westerville last Friday night, Harold Duprey, who stole a quantity of cigars and cigarettes and a pair of shoes, amounting to \$10 in money value, was sentenced to not less than six months nor more than three years at hard labor at the house of correction in Windsor. Duprey was caught the day after the break by Grand Juror Albert C. Diekey, who brought him to the Barre jail to await a hearing. When arraigned in city court he pleaded guilty to the charge before Judge E. L. Scott.

Three victims of Home Brew, who were arrested Saturday afternoon in Plainfield after they had been driving rather carelessly in a team about the roads in that vicinity, pleaded guilty in city court this morning. They were Eugene Hopkins of Plainfield, fined \$5 with costs of \$9.10; Luther Shattuck of Plainfield, fined the same amount, and Walter Morrison, also of Plainfield, fined \$5, with costs of \$5.65. Fearing lest the accused suffer a serious accident, a policeman telephoned to Deputy F. A. Slaxton, who arrested the men and seized the emergency supply of one gallon, which was carried in the rear of the wagon.

Goddard seminary football candidates had their first scrimmage to-day. Team A fought for honors with B in an hour's battle. Murphy, center of team A, was in almost every play nabbing the man with the ball. Wilcox's punting was an outstanding feature, he getting the ball away several times well over 55 yards. Gaughan as quarterback ran the team well. Tackles Thompson and Wood are working wonderfully and several of the holes were made by these men. Guards Keyser and Flint are playing excellent football for green players. The bucking of the line by Rowen, King and Griffin was good and gave Long and Slaxton a chance to accept several forward passes. The ends and quarterbacks were given considerable practice by Coach Leachy in the art of throwing and receiving forward passes. There was a decided improvement in the work of all the men. Plays were executed much more smoothly while the different teams were on the offense, and defensive work of back and ends and linemen was much more clean cut than it was the two previous days.

MONTPELIER

Ryland D. Taisey and Miss Laura M. Burbank Married Saturday Afternoon.

The marriage of Ryland D. Taisey and Miss Laura M. Burbank occurred at 4 o'clock Saturday afternoon at the home of Mrs. Edith Burbank, mother of the bride. They were unattended and the double ring ceremony was performed by Rev. George Martin, pastor of the Methodist church of St. Johnsbury, which the bride formerly attended. The bride was gowning in a traveling suit of beaver color. Following the wedding, a luncheon was served to the wedding party, which was composed of the immediate relatives and a few friends of the contracting parties. Shortly after the wedding the newlyweds left for a trip, and they will be at home to their friends at 7 Winter street after the middle of next month.

Both are very popular young people in Montpelier. The bride was a native of Otsego, N. Y., but lived during the early years of her life in St. Johnsbury, where she was graduated from the academy in 1911. She entered the office of Simonds & Seales and was employed as stenographer four years. When the industrial accident board was organized by legislation, and the appointments of the members were announced, Miss Burbank was made secretary of the commission and has held the office since 1915. Mr. Taisey is a son of Mr. and Mrs. A. G. Taisey and well known in Montpelier. He graduated from Montpelier high school, having performed his part in the school athletics. He has been employed as salesman for E. W. Bailey & Co. much of the time since his graduation, excepting a year spent in France in defense of the nation.

For the first time in several years, the fire department has been in a position where, in case of fire, it would have been forced to depend upon the old hand engine. But such was the case the most of Saturday, when the water pressure, which generally is at 140 pounds, dropped to 55 pounds at one time and traveled back and forth between that low pressure and 110 pounds most of the day. When the stonehills were shut down it was expected that the pressure would go back up, but it did not, and it was not until late in the afternoon that the pressure came back to a safe position. Workmen in the water department had found that the screen over the end of the main in the upper reservoir in Berlin was covered with leaves, so that little water force could get down through it. John Sarkis spent the remainder of the afternoon, after this was discovered, keeping the screen cleared. The water in the lower reservoir dropped very low, probably the lowest that it has been since the bottom of the reservoir was cemented a few years ago. The reduced pressure so that most of the day those living on the higher elevations in the city were either without water or handicapped by the low pressure. There was a little break in the main on the Berlin side, but it amounted to little as far as the pressure was concerned. When the leaves were cleared from the screen at the upper reservoir and the water reached Montpelier, the pressure came back rapidly, so that Saturday evening it was again at a normal position and fire protection was in a safe condition again.

Chief V. A. Persons, however, was not going to be caught napping, and during the day pulled out the hand tub. This he tested out on Berlin side and found it in working condition in case an alarm should be sounded before the pressure was sufficient for protection against fire.

Walter C. Joslyn of Waitsfield is in Heaton hospital in serious condition, as a result of a fall received Saturday afternoon, when he fell in his silo, connected with the barn on his place in his home town. He was brought here in the automobile of G. W. Wallis, suffering from a bad injury on his head, the extent of which had not been ascertained Sunday evening. As near as could be learned Sunday, he fell backwards about 22 feet, striking on the bottom of the silo.

Misses Mabel and Mary Thompson, who have been enjoying a vacation from the secretary of state's office, have resumed their duties. Miss Nora Green has also returned to her work in the same office.

Mr. and Mrs. A. W. Healey of New York are visiting with friends in Montpelier, Barre and Washington. Mrs. Healey will be remembered as Miss Jessie Ross.

Charles W. Kennedy of Coaticook, P. Q., caused the police of Montpelier some uneasiness Sunday evening, with the result that he was placed in the custody of F. H. Tracy and to-day the officers got in touch with his people. He is a man of some means and apparently had been visiting a sister in New York. It appears that he had experienced similar trouble to that which he appears to be suffering, a mental trouble. It is expected that his people will advise what to do relative to the matter.

Mr. and Mrs. L. O. Lajoie and Mr. and Mrs. F. H. Downer of Hardwick motored here Sunday for a visit with friends.

H. J. Volholm has returned from a few days passed in Boston.

Miss Clara Cooley has resumed her duties in the weights and measures office at the State House. Miss Katherine Morse is taking a vacation from the same office.

The railroad clerks in Montpelier and Barre went to St. Albans yesterday to attend a meeting of the organization of which they are members.

A hearing took place this morning in Montpelier city court in the case of a child in Waterbury in which it appears that the mother's health is such that she cannot take care of the child, although it is about two years old. It is a healthy child and ran about the court room while the matter was under consideration. The board of charities will probably interest itself in the matter.

GRANITEVILLE

Donald McKenzie Died Saturday of a Tubercular Trouble.

Donald McKenzie, aged 43 years, died Saturday afternoon at 4 o'clock at his home in lower Graniteville of a tubercular trouble. Mr. McKenzie came to Graniteville about a year ago, having sold a large farm in Canada and on retiring from farming came here. He is survived by his wife, a son, James, and a brother, Norman McKenzie, of Graniteville.

The funeral was held Sunday afternoon at the house, Rev. Mr. Dyke of the Graniteville Presbyterian church officiating. The extremely large attendance at the service, so great that not more than half were able to get into the house, showed better than words the esteem in which he was held and the number of friends he had made in his short residence in the community. This morning the body was taken to Quebec, P. Q., for burial.

Antonio Baldor, aged four months and the only child of Mr. and Mrs. Julian Baldor of Graniteville, died Sunday afternoon after a three days' illness with acute pneumonia.
